SERIES
STEPLOCK®

STYLE
DESERTLOCK®

The Desert Series Collection blends the richness of desert aggregates to create an elegant look throughout your landscape.

The non-slippery surface is smooth polished or polished & antiqued and impeccably fashionable and very comfortable to walk on barefoot.

The Desertlock® collection is part of our Steplock® Line, exclusively designed for pedestrian applications.

COLOR SELECTION - PAVERS AND COPING

COOL WHITE

CAPPUCCINO

BISCOTTI (*)

SILVER SAM (*)

SAND

APPLICATIONS

Designed for use in pedestrian applications including patios, swimming pool decks, walkways, stepping stones as well as architectural and decorative uses such as raised walls, fountains, benches and planters.

FINISHES

POLISHED

POLISHED & ANTIQUED (*)

Note: The Antiquing process lightens up the original paver color. Check actual samples before making a decision.

CUSTOM COLORS

Custom colors available typically for minimum quantities of 10,000 square feet.

PAVER AND PAVING SLABS

Remodeling	4x12 with 3" drop-face, 4" drop-face, 5" drop-face.
Pre-cut one sided	4x8, 4x12
Pre-cut two sided	4x12, 4x16

NOTES

- A small percentage of the aggregates are expected to come loose from the surface and edges of the tile. This occurrence will diminish over a short span of time and in no way will effect the strength of the products.
- Pavers should be installed from several pallets at a time to maintain the best color consistency.
- Due to processes required to manufacture, package, deliver, unpack, install and compact the products, small chipping can be expected.
- The 4x8 border pavers are machine cut and not dimensionally consistent. Artistic Paver Mfg. recommends these pavers should be used strictly as border material, therefore, not recommended for field material.
- The antiquing process applied to the pavers creates a more natural surface with rounded and less defined edges. Therefore, undulations, small aged lines and divot marks are expected on the surface of the pavers. The antiquing process is intended to give a distressed look, and in no way will affect the strength of the product.
- The product images in our catalogs, brochures, or shown on monitor screens give a general indication of color for a preliminary selection. We recommend you also view current product samples and look at actual finished projects before making your final decision.
