

The Ultimate

Scale-Stain-Scum Controller

Non-acid, non-phosphate multi-sequestrant controls All Minerals!

Excellent for
Salt Pools,
Chlorine Pools
and
Non-chlorine pools

Superior Scale-Stain Controller. Salt Cell De-Scaler. Continuous Pool Surface, Tile and Equipment Cleaner.

- Aggressively prevents and removes scale and stain buildup.
- Salt cell de-scaler (without acids), protector and prolongs cell lifespan.
- Controls calcium (up to 1,000 ppm) and hard silicates (up to 300 ppm).
- Strongly sequesters iron, copper, and manganese metals.
- Removes calcium films, calcium phosphate and waterline buildup.
- Provides long lasting protection: pool finish, tile and equipment.
- Multi-sequestrants quickly dissolve plaster dust in new pools.

*Only 1 to 2 bottles per year (per 10,000 gallons).
